Exciting Runaway—Miraculous Escape.

Postmaster Eva C Wilcox and baby and Mrs. D. E. Manning narrowly escaped being severely injured Friday morning by an exciting runaway team bumping into the rear end of the buggy at the R. R. crossing just north of town. As the ladies passed Grover Rose & Co's store a colt belonging to A. I. Grover, whose team was standing near by followed the rig. The team broke the lines that were tied to the end gate and followed the buggy, dashing up the street on a gallop. Just as the buggy was nearing the R. R. crossing the tongue of the wagon bumped into the seat of the rig and knocked it over and over down the hill. Mrs. Wilcox and baby went with the top down into the hole by the cow-pit and Mrs. Manning, the horse and running-gears were thrown in the opposite direction.

The occupants were badly shaken up and frightened, but fortunately none of them were severely injured. The baby was found reclining in the buggy-top after the accident. Mrs. Manning pulled the rig down the hill, tied up the horse and then fainted away. She was taken to Mrs. Capener's home and kindly cared for. Grover's harness was considerably damaged and the buggy was badly smashed up.

MARKET REPORT.

SPECIAL TO THE GARLAND GLOBE:—

Kansas City Stock Yards, June 10, 1907.—Cattle receipts were small all of last week, and the market made a good gain all along this line, including prices on cows and heifers. Steers advanced 10 to 20 cents during the week, because packers could not secure the stuff from any source, and had to bid lively to get what steers were required. Independent buyers took all the cows and heifers at 10 to 25 cents stronger prices. The volume of the stuff is only one-fourth as large as normal, and as independent buyers are more active each day, the present contention lasts, a gradually increasing demand will develop for cows and heifers. Total run today is 15,000 head, very liberal for Monday, but all kinds are selling steady and active, including cows and heifers. No cattle from a distance are here today, but the Lockhart steers sold at 58¢ last week, highest price they have yet reached. Top fed steers today 6 00, bulk 5 15 to 5 90, yearlings 5 85, as light steers gained more than heavier last week. Cows bring 3 25 to 4 65, heifers 3 75 to 5 25, bulls 3 40 to 4 75, calves 4 00 to 6 30, stock steers 3 50 to 4 75, feeders 4 25 to 4 85. Mutton prices advanced 10 to 20 cents last week on the moderate supply of 25,000 head, for the week, and the market is 10 higher again today, run 11,000 head. All classes are embraced today, including Arizona range lambs at 9 00, said to be the highest price ever paid in the United States for strictly range lambs, Arizona clipped yearlings 7 10, ewes 6 10, clipped Western lambs 8 00, Arizona wethers 6 25. Medium class stuff sold 25 to 50 cents below these figures. Goats bring 4 25 to 4 60, Texas muttons 5 60 to 6 00, and fed Western lambs in their wool brought 8 80 today. The general average prices now stand at the extreme high point ever known, and the situation has every appearance of security.

Kansas City Stock Yards, June 17th, 1907.—Liberal cattle supplies arrived last week, 45,000 head, yet the market held up strong on all desirable cattle, fed steers scoring an advance of 10 to 25 cent. Packers were unable to secure any cows or heifers on the terms proposed a short time ago, and were again forced to take steers instead. Independent buyers took fair to good cows and heifers at steady to a shade lower prices, but the outlet for medium to common she stuff is small at this time. Supply of cattle is 9,000 head, market steady to 10 higher, sold at 6 20 today, and other branded westerns, weighing less than 1800 pounds sold at 6 10, out of a herd that contributed steers at 5 90 last week. Among the notable shipments last week was two trains of Arizona cattle, stock steers selling at 4 40, light killing steers 4 70, stock heifers 3 65 to 4 10, Black Colorado heifers sold at 5 25 late last week, Oklahoma and panhandle stockers 4 00 to 4 40, yearlings today at 7 00. Receipts will likely be smaller for awhile, and with the present unprecedented demand for fresh meats the market is likely to hold up good.

Extraordinary prices are being paid for all classes of sheep, lambs and goats. Woolled lambs last week at 8 75 to 9 40. Supply was fairly liberal last week of mixed lots of natives and Texas muttons at 4 20 to 6 50, Arizona lambs 9 00 to 9 30, yearlings 7 10, ewes 6 10 to 6 35, all these abatements, and unusual efforts were made by all the buyers to secure additional supplies. Only moderate supplies are in sight for balance of this week.

Liberty Pole Tumbles Down.

The handsome 85-foot iron liberty pole that has floated the stars and stripes near the Amusement hall for the past five years, fell to the ground with a crash Monday evening. Supt. Edwards, with a force of Sugar factory boys and other men of town, were taking the pole down to give it a guying that would make it self supporting. The plan is one of Mr. Edwards' original ideas. One of the guy poles gave way in the exploit and down came the pole, breaking every joint as it struck the ground. Fortunately no one was hurt, but a number of persons in the crowd had a close call of being injured. The flag pole has been taken to the shop at the Sugar factory and will be repaired, repainted and put up again for the 4th of July.
